A great family of fittings:

- innovative design
- uniform attractive appearance
- high quality for long reliable life
- compact
- lightweight
- easy to fit

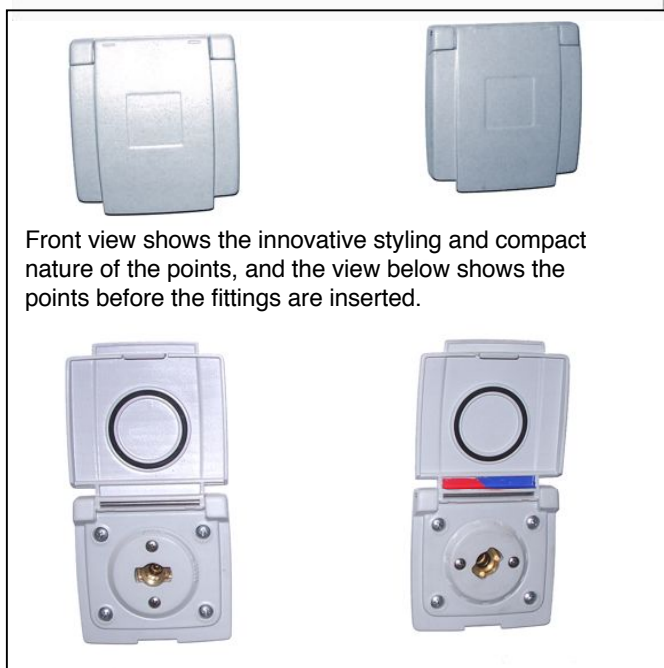

EASY - FIT RANGE

• Gas point

- **6087 - bulk packed** (fixing screws not included)
- **6087/01 - individually packed** (incl fixing screws)
- ideal for supplying barbecues, cooking appliances, patio heaters and other appliances for LPG (propane and butane) from the home's existing supply. It comes complete with a Plug in tail connector for connecting onto the hose from the appliance. Inserting the gas fitting and turning, locks it in place and allows the gas to flow.
- **Plug in tail connector - SP6087D** -spare part

• External shower point (with temperature control)

- **6088 - bulk packed** (fixing screws not included)
- **6088/01 - individually packed** (incl fixing screws)
- ideal for outdoor showers, washing pets and other articles and comes complete with a Shower head assembly (shower fitting, shower hose and swivel head). It uses the home's existing hot and cold water supplies. Inserting the shower assembly, locks it in place and turns on the water. Temperature adjustment simply by turning the lever.
- **Shower head assembly- SP6088D**-spare part

EASY - FIT RANGE

Back view of points shows how easy they are to fit - a 60mm cutter provides the orifice - four screws give fixing. Gas Point, left, shows an angled connection; a straight connection version will be available shortly.

Protected against water and dirt ingress when plug inserted and lid closed

• **Electric outlet point**

- **6093 - bulk packed** (fixing screws not included)
- **6093/01 - individually packed** (incl fixing screws)

Ideal for

- power tools
- electric appliances up to 13 amp rating
- lighting
- TVs and other leisure products
- additional versions available for plugs for other countries(eg European, USA, Australia)

Note the following features for Electrical outlet point and Satellite point.:

- protected against water and dirt ingress when plug inserted and lid closed - IP56 rating
- easy to fit - requires 105mm cutter and 4 self tapping screws; easy to attach inlet cable

Satellite/TV/12V Outlet point

- **6094 - bulk packed** (fixing screws not included)
- **6094/01 - individually packed** (incl fixing screws)

Sockets for 12 V DC supply, Terrestrial aerial lead, Satellite lead.

EASY - FIT RANGE

• **Water inlet point**

- **6097 with pressure limiter - bulk packed** (fixing screws not included)
- **6097/01 with pressure limiter - individually packed** (incl fixing screws)
- Allows easy filling of water tanks
- Pressure limiter reduces mains water pressure to prevent damage to internal piping and equipment installed
- Fits universal hose connections
- Dual usage: water fill up from mains supply and from tank
- Comes with air vents to release excess air during filling
- Simple installation - you will need a 60mm cutter
